

# MOHAMED ABDALHALIM

## Front-End Developer (React)

Email: mohamed3ab7alim@gmail.com — Phone: 01013625625 — [GitHub](#) — [LinkedIn](#)

### SUMMARY

---

Front-End Developer with a strong foundation in React, HTML, Typescript, CSS, and JavaScript. Focused on building responsive and user-friendly web applications. Passionate about learning new technologies and creating dynamic user interfaces. Eager to contribute to projects and grow as a developer.

### PROJECTS

---

#### Personal Portfolio:

- My personal portfolio features a range of interactive web applications.

**GitHub Repository — Live Demo**

#### Front-End Developer | noon-3ab7alim-Ecommerce (React)

- Developed a responsive e-commerce platform using React, Tailwindcss, HTML, TypeScript, and CSS.
- Integrated user authentication, error management, and context to share data across the app.
- Leveraged React Query Client for efficient caching and improved performance.

**GitHub Repository — Live Demo**

#### Front-End Developer | Fake boos (Next.js)

- A web application built with Next.js, offering user authentication and personalized profile management.
- Users can log in, view her profile, change his profile photo ,and interact with posts.
- The app utilizes token-based authentication, stores session data in local Storage, and dynamically displays user-specific content with smooth navigation.

**GitHub Repository — Live Demo**
